Front-End Web Developer

Delivering responsive, performant, and accessible digital experiences

Seasoned Front-End Web Developer with 20+ years of hands-on experience building scalable, user-focused websites and applications. Proven ability to lead projects from concept to deployment using cutting-edge tools like React, Next.js, TypeScript, and Tailwind CSS. Adept in collaborating with stakeholders, implementing modern design systems, and optimizing performance and accessibility to meet business goals.

Core Competencies

- **Languages & Markup:** HTML, CSS, Sass, JavaScript, TypeScript, PHP
- **Frameworks & Libraries:** React, Next.js, Tailwind CSS, Bootstrap, MUI, Vite, WordPress
- **Databases & ORMs:** Prisma, PostgreSQL, MongoDB, MySQL
- **Design & Dev Tools:** Figma, Git, Linux, Apache
- **Best Practices:** Responsive Design, Accessibility, Cross-Browser Compatibility, Testing, Debugging, Version Control
- **Soft Skills:** Client Communication, Technical Leadership, Digital Strategy, Agile Collaboration

Professional Experience

Web Developer / Creative Manager

Marty's Restaurant Group, LLC • 2004 – Present

- Lead front-end architecture and digital strategy across a multi-restaurant brand using React, TypeScript, and Next.js.
- Built and maintained scalable, component-based design systems using Tailwind CSS and MUI.
- Modernized legacy sites to leverage Next.js for improved SEO, performance, and maintainability.
- Integrated analytics, social media, and POS tools to optimize marketing campaigns and online engagement.
- Conduct user behavior analysis and A/B testing to improve user experience and drive KPIs.

- Lead version control and code review processes using Git to ensure clean, collaborative development.

Freelance Web Developer

Andrew Teece Creative • 2004 – Present

- Deliver custom websites and full-stack applications for clients using React, Next.js, TypeScript, and Tailwind CSS.
- Architect scalable backend integrations using Prisma, PostgreSQL, and MongoDB.
- Build responsive, accessible UI components with a strong focus on UX, performance, and SEO.
- Customize WordPress themes and plugins for client branding, lead generation, and marketing goals.
- Provide strategic consulting on digital presence, technical infrastructure, and branding initiatives.

IT Manager & Web Developer

CFC International (an ITW Company) • 2001 – 2004

- Directed internal and external web development initiatives, managing a team of developers and sysadmins.
- Oversaw project lifecycle from planning and design to deployment and documentation.
- Delivered secure, performant platforms with detailed technical documentation and process controls.

IT Manager & Web Developer

Hanley Wood

- Spearheaded web infrastructure development and implementation across departments.
- Collaborated with cross-functional teams to define technical priorities and align digital strategy.

Systems Tech / Web Developer

A. Daigger & Co. / ETA (now Daigger Scientific & Learning Resources)

- Migrated enterprise systems from green-screen terminals to modern PC-based workstations.
- Launched pioneering industry e-commerce platforms to facilitate online sales and services.
- Integrated warehouse management with RF tech for streamlined fulfillment operations.

Signature Projects

1. **Online Launch During COVID-19:** Built a high-performance restaurant website using React, TypeScript, and Tailwind CSS. Led a digital marketing strategy that gained 2,000+ followers prior to launch.
2. **Restaurant Website Revamps:** Reengineered legacy sites with Next.js, MUI, and TypeScript to improve SEO, page speed, and design consistency. Integrated analytics and online ordering for enhanced engagement.

3. **Real Estate Website Revamps:** Redesigned outdated real estate websites using Next.js, React, and Tailwind CSS. Improved mobile responsiveness, load times, and user accessibility.
4. **Online Ordering System:** Developed a fully integrated online ordering solution using React, Prisma, and PostgreSQL. Responsible for over 40% of restaurant sales through the digital platform.

Education & Training

- Currently enrolled in the Meta Front-End Developer Professional Certificate via Coursera (focus: React, JavaScript, UI design, testing)
- Ongoing coursework in React, TypeScript, CSS, Next.js, and modern frameworks (e.g., freeCodeCamp, Udemy)

Available for freelance, remote, or contract-based opportunities. Let's build something exceptional together.
